SPRING 2025

ISSUE 1 | 02/04/2025

Welcome to the University of Georgia! It is due to your dedication, persistence, and hard work that you have made it here. Be proud of where you are and the path you are creating toward your future. Although this past month of January was full of freezing wind, icy roads, and snow days, I truly hope that your introduction into the UGA campus was one where you felt included and welcomed into the Bulldog family. Even in the midst of the winter season, the students and staff are always ready to push each other forward, fulfilling their own goals and aspirations during their time here. Thus, please, do not hesitate to reach out and make new and everlasting connections! Chances are that person sitting next to you in class could become a true friend in these coming months. We are all here to help one another through the ups and downs of life. However, it is okay to still feel a bit lost or unsure of navigating campus, finding clubs or events to attend, or even completely knowing what you want to study as an undergraduate student. Do not be discouraged

by the unknown, everyone has come face to face with it, and emerged victorious in the end. Your time here at UGA will help you understand yourself at a deeper level and help you navigate the uncertainties within your heart, leading you to find sure footing for the years to come. With that said, I want to welcome you all once more to the University of Georgia! May these months to come be full of splendor and the fulfillment of goals and dreams.

SPOTLIGHT ON UGA RESOURCES

EMBARK@UGA

Embark@UGA is a campus-based initiative to engage students who have experienced foster care, homelessness, and/or are at risk of homelessness. Embark@UGA connects students to an individualized support network designed to help them navigate UGA by connecting them with campus and community resources that are reflective of their unique needs and circumstances.

SCHEDULE AN APPOINTMENT:

PEER TUTORING

If you are struggling in any course, chances are that UGA has a tutor there for you! Please take advantage of this wonderful resource to help you ace all your coursework

To get started, download Penji, available on iOS and Android, and sign in using your MyID and password.

During a peer tutoring session, whether it's a one-on-one appointment or a study pod, you will engage with a Peer Tutor to find solutions to problems, learn best practices for studying course material, and gain a deeper understanding of the course content. In order to benefit the most from a peer tutoring session, you will need to come prepared with material and questions that you would like to discuss with a Peer Tutor. Be aware that all tutoring services operate within Academic Honesty guidelines. For clarification regarding authorized assistance, contact the course instructor.

Our program and Peer Tutors are accredited through the College Reading and Learning Association which recognizes effective approaches to student learning.

For more information about the program email tutor@uga.edu for a faster response time or call 706.542.0163.
